To Whom It May Concern:

Please encourage all interested personnel to apply for the Chemist position currently open at Hill Air Force Base located near Ogden, Utah.

This is a GS-7 pay grade developmental position with the promotion potential to the GS-11 pay grade. Promotion from GS-7 to GS-9 then GS-11 will occur upon attainment of knowledge, skills, and abilities and a minimum of 1 year of experience at each pay grade. A training plan will be provided for the selected candidate to help the individual develop from one grade to the next.

Interested applicants will need to go to USA Jobs, www.usajobs.gov and either search for “Chemist” at “Hill AFB” or Job announcement number “8L-DEO-776878-732696-TAB” or try selecting this link, https://www.usajobs.gov/GetJob/ViewDetails/330089700. Please follow the instructions in the announcement. Applicants will not be considered if they do not provide all requested information and documentation.

This announcement closes on November 5, 2012 at 10:00 pm local time. The announcement says the position closes at midnight on November 5 but that is
We encourage all interested candidates to apply. Those applicants who submit all required documentation and meet prescreening requirements will be invited to an interview.
